### How does this coverage work?

Let’s do some math.

Following a routine colonoscopy, Oscar found out he had colon cancer. After a year of treatment, his medical bills started adding up. On top of that, time away from work made it hard to keep up with other expenses. Oscar has a Cancer and Heart/Stroke plan with a $50,000 benefit level.²

<td>$50,000</td>
</tr>
<tr>
<td>REMAINING CASH BENEFITS:</td>
<td>$35,981</td>
</tr>

Oscar can use the remaining cash benefits in any way he needs, such as mortgage and vehicle payments.
